Camp Marysville offers great value self catering accommodation for couples, families and small groups. Their two bedroom self catering lodges and one bedroom lodges have been recently refurbished and have everything you will need for your stay, including linens.

Dorms have their own washrooms and showers and may be shared by up to 8 individuals. We will designate male and female dorms. Bring your own sheets/ sleeping bag, pillow and towels for the dorms.

Dorm room beds are \$35 per person per night, or to upgrade from camping, it's just an extra \$10 per person per night. If you'd like to upgrade you can let us know when you arrive. There's lots of space!

The schedule is subject to change at any time - all the presenters are volunteers and travelling, thus they may be delayed or unable to get there. Some may have anxiety attacks and be unable to perform! ;- ) And sometimes travellers show up unexpectedly with great pics and stories, so we try to fit them in!

Details of changes to presentation times or other matters of note will be posted at Registration and other locations. Outside workshops are weather dependent. If raining we will find shelter!!

**Exhibitors**

**Robin Box** and **Ebony Hughes** of **Touratech Australia** will be on site with new goodies to show. Come along and say hello!
